

## **PRODUCT INFORMATION**

| Common Name                       | S-002;JS002;JS 002;JS-2;JS2;JS 2  |
|-----------------------------------|---|
| <b>Conjugate</b> E                | Biotinylated  |
| Synonyms F                        | H3;PC9;FHCL3;NARC1;LDLCQ1;NARC-1;HCHOLA3  |
| Applications N                    | N/A   |
| Recommended N<br>Dilutions        | N/A   |
| Formulation &                     | Lyophilized from sterile PBS, pH 7.4. Normally 5 %<br>- 8% trehalose is added as protectants before<br>yophilization. Please see Certificate of Analysis<br>or specific instructions of reconstitution.   |
| Host Species                      | N/A   |
| lgG type                          | gG4   |
| Reactivity H                      | Human   |
| Target F                          | PCSK9   |
| Uniprot ID (                      | Q8NBP7  |
|                                   | Biotinylated Anti-PCSK9(ongericimab biosimilar)<br>mAb  |
| <b>Delivery</b> 6                 | 5-8 weeks   |
| Storage & Shipping<br>L<br>t<br>t | Store at -20°C to -80°C for 12 months in<br>yophilized form. After reconstitution, if not<br>ntended for use within a month, aliquot and store<br>at -80°C (Avoid repeated freezing and thawing).<br>_yophilized proteins are shipped at ambient<br>remperature.                      |
| Background t                      | Research grade biosimilar. Not for use in<br>herapeutic or diagnostic procedures for humans<br>or animals.  |
| Usage F                           | Research use only   |
| DIMA Disclaimer                   | All DIMA recombinant antibodies are genuinely<br>generated by DIMA Biotech. They are all under<br>patent application. Any protein sequencing or<br>reverse engineering attempt is prohibited. We are<br>actively scrutinizing all patent application to<br>ensure no IP infringement. |
|                                   |   |
