

## **PRODUCT INFORMATION**

| Тад                             | C-Flag Tag  |
|---------------------------------|---|
| Target                          | TAS1R2  |
| Synonyms                        | GPR71; T1R2; TR2  |
| Description                     | Human TAS1R2 full length protein-synthetic<br>nanodisc  |
| Delivery                        | In Stock  |
| Uniprot ID                      | Q8TE23  |
| <b>Expression Host</b>          | HEK293  |
| <b>Protein Families</b>         | Druggable Genome, Transmembrane   |
| Protein Pathways                | Taste transduction  |
| Molecular Weight                | The human full length TAS1R2 protein has a MW of 95.2 kDa   |
| Formulation &<br>Reconstitution | Lyophilized from nanodisc solubilization buffer (20<br>mM Tris-HCl, 150 mM NaCl, pH 8.0). Normally 5%<br>- 8% trehalose is added as protectants before<br>lyophilization. Please see Certificate of Analysis<br>for specific instructions. Do not use solvents with<br>a pH below 6.5 or those containing high<br>concentrations of divalent metal ions (greater<br>than 5 mM) in subsequent experiments. |
| Storage & Shipping              | Store at -20°C to -80°C for 12 months in<br>lyophilized form. After reconstitution, if not<br>intended for use within a month, aliquot and store<br>at -80°C (Avoid repeated freezing and thawing).<br>Lyophilized proteins are shipped at ambient<br>temperature.  |
| Background                      | Putative taste receptor. TAS1R2/TAS1R3 recognizes diverse natural and synthetic sweeteners.   |
| Usage                           | Research use only   |
| Conjugate                       | Unconjugated  |
|                                 |   |

Figure1. Elisa plates were pre-coated with Flag Tag TAS1R2-Nanodisc (0.2µg/per well). Serial diluted anti-Flag monoclonal antibody solutions were added, washed, and incubated with secondary antibody before Elisa reading. From above data, the EC50 for anti-Flag monoclonal antibody binding with TAS1R2-Nanodisc is 4.703ng/ml.

Figure2. Human TAS1R2-Nanodisc, Flag Tag on SDS-PAGE
