

PRODUCT INFORMATION

Clone ID	5F3
Target	EGFP
Synonyms	eGFP
Host Species	Rabbit
Description	PE-conjugated Anti-EGFP antibody(5F3), Rabbit mAb
Delivery	3-4 weeks
Uniprot ID	N/A
IgG type	Rabbit IgG
Clonality	Monoclonal
Reactivity	N/A
Applications	Flow Cyt
Recommended Dilutions	Flow Cyt 1:100
Purification	Purified from cell culture supernatant by affinity chromatography
Formulation & Reconstitution	Liquid□PBS with 0.05% Proclin300, 1% BSA
Storage & Shipping	Store at 2°C-8°C for 6 months
Background	Energy-transfer acceptor. Its role is to transduce the blue chemiluminescence of the protein aequorin into green fluorescent light by energy transfer. Fluoresces in vivo upon receiving energy from the Ca ²⁺ -activated photoprotein aequorin.
Usage	Research use only
Conjugate	PE-conjugated
